ADAPTOR CODE	PT9005Y	
PACKAGING	FIBREBOARD BOX	FIBREBOARD BOX
DIMS mm	300x130x50	630x460x160
QTY PER OUTER PACK	1	16
GROSS WEIGHT NOMINAL	1.45g	24kg
HAZARD CLASS	UK Section 1 (Firearms Act 1968)	

Methods of Use

A re-usable single shot pistol, it is chambered to be used with 26.5mm (1") signal cartridges in the process of localised signalling, and with a suitable adaptor can also fire 12 Gauge Birdscaring Cartridges.

Description

The pistol is constructed of a chemically blacked steel for lightness and durability. It incorporates a single action trigger mechanism. It can be held and made ready for loading with one hand as the breech opening is conveniently located on the side of the pistol body. An extractor enables easy removal of the adaptor and cartridge case. The pistol handle contains a plastic grip on each side and a lanyard attachment for extra security. Each pistol is uniquely serial numbered.

Performance/Safety

Regular cleaning after use is recommended. The recommendation for optimum performance is that they are serviced annually or after firing 1000 rounds.

At Primetake we constantly review our products—all specifications are a guide and may vary so please check that the latest specification meets your requirements
